PARTS NOT INCLUDED

- No. 8** Poly Studio (Qty 1)

ASSEMBLY INSTRUCTIONS

STEP 1: Install Cubby Backbox (No. 1, Qty 1) into wall opening with Wall Clamps (No. 2, Qty 4). For detailed instructions refer to the RC-CUBBY Installation Guide on www.soundcontrol.net.

STEP 2: Hook Cubby Split Face Bottom (No. 5, Qty 1) into slots of Backbox.

STEP 4: Slide Camera Plate (No. 3, Qty 1) down into Cubby slots (shown in red) and push forward to engage. Then pry tabs inward to lock Camera Plate in place.

STEP 5: Attach Adapter Plate (No. 4, Qty 1) to Poly Studio (No. 8, Qty 1) using screws supplied by Poly.

STEP 6: Slide camera assembly into slot of Adapter Plate and secure with 6-32 x 1/4" Phillips screw (No. 7, Qty 1). Then slide Cubby Face Plate top (No. 6, Qty 1) down onto tabs in Cubby Backbox.
