No. 9 Bose VB1 Video Bar (Qty 1)
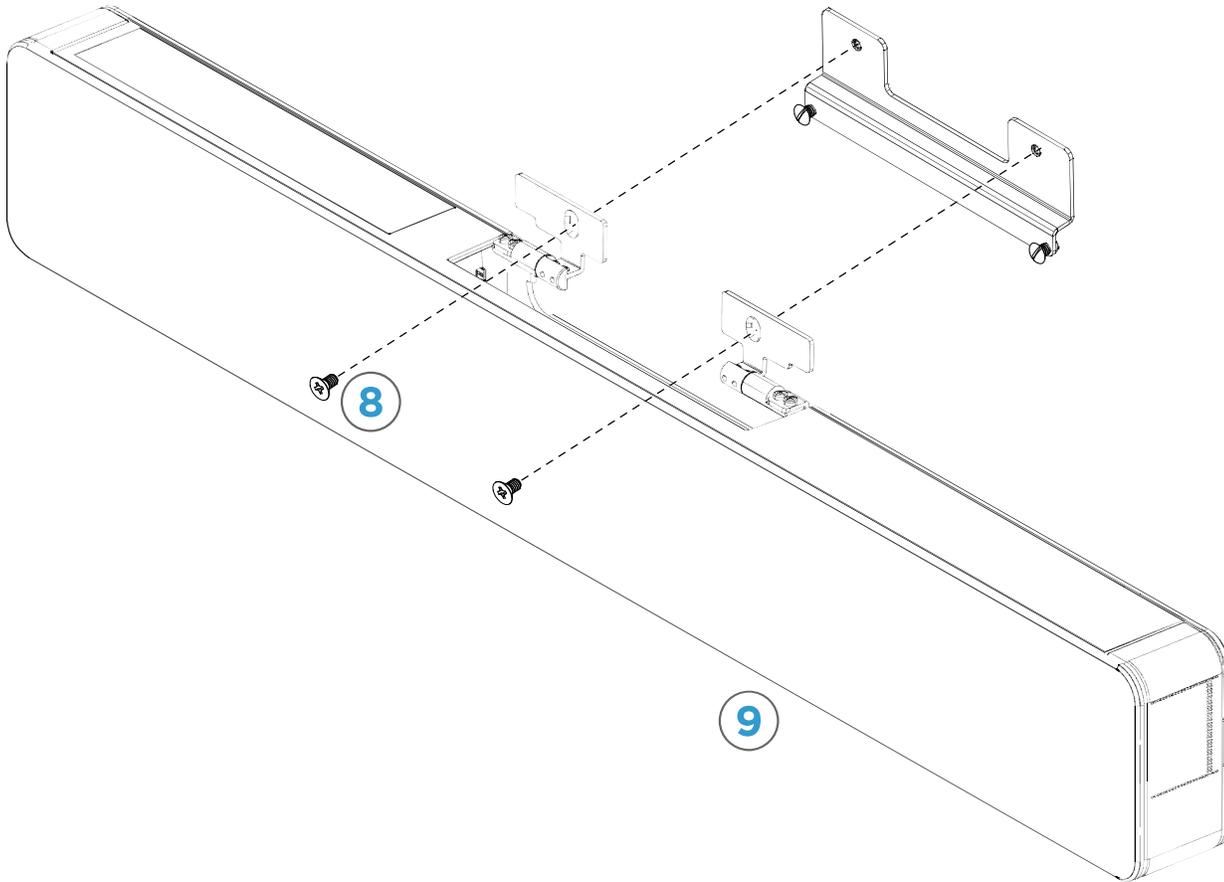

ASSEMBLY INSTRUCTIONS

STEP 1: Install Cubby Backbox (No. 1, Qty 1) into wall opening with Wall Clamps (No. 2, Qty 4). Secure with #10-16 x 1 1/2″ Flat Head Phillips Screws (No. 6, Qty 4). For detailed instructions refer to the RC-CUBBY Installation Guide on www.soundcontrol.net.

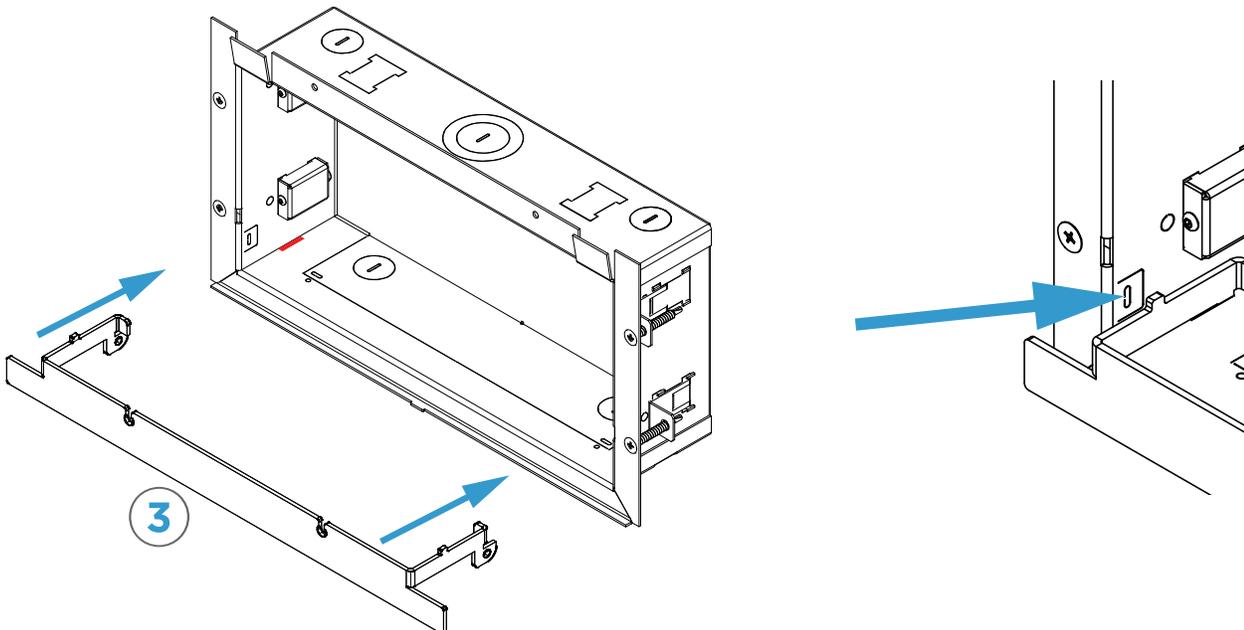

STEP 2: Partially install 6-32 x 1/4″ White Phillips Screws (No. 7, Qty 2) to Adapter Plate (No. 4, Qty 1).
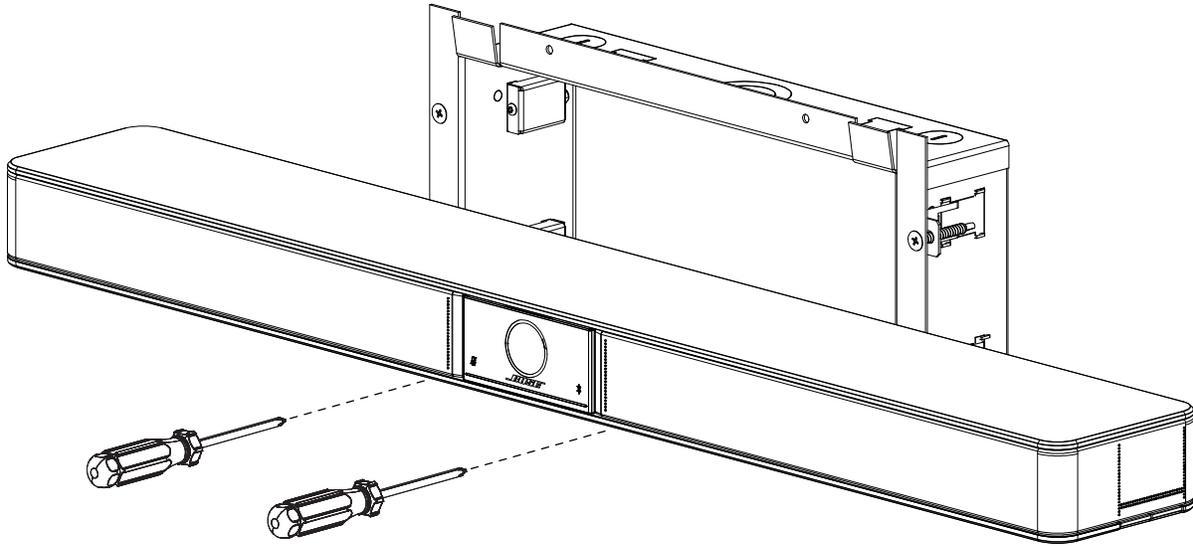

STEP 3: Tilt Bose VB1 (No. 9, Qty 1) down and attached to Adapter Plate using 8-32 x 5/16"
Flat Head Phillips Screws (No. 8, Qty 2).

STEP 4: Slide Camera Plate (No. 3, Qty 1) down into Cubby slots (shown in red) and push
forward to engage. Then pry tabs inward to lock Camera Plate in place.

STEP 4: Set VB1/adapter plate assembly into camera plate slots and tighten securely from underneath.

STEP 5: Slide Cubby Face (No. 5, Qty 1) Plate down onto tabs in Cubby Backbox.
