

RWM-CRN1™ Wall Mount for Cisco Room Navigator

INCLUDED PART LIST

No. 1 Navigator Back Plate, 816-1147 (Qty 1)

PARTS NOT INCLUDED

No. 2 Cisco Room Navigator (wall mount version)

ASSEMBLY INSTRUCTIONS

STEP 1: Attach Navigator Back Plate (No. 1, Qty 1) to wall using screws appropriate for wall construction. Plate may also be installed on a VESA mount if desired. Pull cable through plate.

STEP 2: Plug pre-installed cable into Cisco Room Navigator (No. 1, Qty 1). Now align tabs of Back Plate with slots in the back of the Navigator and allow it to hang flush against Back Plate.

STEP 3: Tighten screw already installed in Cisco Room Navigator to secure to Wall Bracket.

Finished Installation:
